

DVSPIn: the semi-integrated EMV solution.

DVSPIn is fast, easy and secure.

DVSPIn FOR ISVS

A single DVSPIn integration gives an ISV access to hundreds of features, our entire line of POS terminals, processor certifications, Apple Pay, Google Wallet, and more. DVSPIn is available across all terminal lines.

**We have the technology ISVs need.
Contact us today to get started.**

DVSPIn is simple

DVSPIn is omni-channel and that means developers need just one solution for in-store, online, mobile and back-office solutions. REST API, JSON, and XML interface options. Turnkey API.

DVSPIn is easy

Direct payment processing certified and maintained by Dejavoo. Forget manual updates. DVSPIn's auto-update feature keeps the latest version of the software ready to go.

DVSPIn is fast

Lightning-fast connectivity (under 1 second). Fast transaction upload and reporting, USB, Ethernet, Wi-Fi, Bluetooth, 3G and 4G connections.

DVSPIn is secure

DVSPIn maintains PCI DSS compliance in all Dejavoo terminals. And there's more including, digital receipt repository, risk management, and email batch notifications with DeNovo Services.

Have questions or need help?

A dedicated DVSPIn support team member will be with you every step of the way.
